If you're already a T-Mobile pay monthly customer, you'll need to be outside your minimum contract term to get this plan. If you're not already a T-Mobile pay monthly customer, we'll need to run some standard credit checks. Mobile Broadband Plus 30 days is £20 a month. You can check your coverage at [t-mobile.co.uk/mobilebroadband](http://t-mobile.co.uk/mobilebroadband). ## Points to note.

- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.**
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, for pay monthly customers, if the call exceeds two hours in length and crosses over into different parts of the day (for example, from, 'daytime' to 'evening') the remainder of the call will be charged at the new rate. The call is billed at the rate applicable at the start of the call.
- **A call ends when:**
  - a) you end the call on your device; or
  - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
  - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive minutes you may have.
- For details of the charges for using your Mobile Broadband SIM card whilst you are outside the UK, please refer to our 'Non Standard What it Costs' leaflet.
- Additional charges (e.g. international call charges, premium rates etc) can be found on [www.t-mobile.co.uk/whatitcosts](http://www.t-mobile.co.uk/whatitcosts) or our 'Non standard charges' leaflet.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
