Points to note.

- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.** Your first month's charge and inclusive allowance will be proportionate to the number of days from your date of joining to the date of the bill. All monthly charges and inclusive data allowances will be proportionate to part months used, except where this would conflict with any other clause of the agreement.
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However for pay monthly customers, if the call exceeds two hours in length and crosses into a different part of the day (for example, from 'daytime' to 'evening'), the remainder of the call will be charged at the new rate.
- **A call ends when:**
 - a) you end the call on your device; or
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a minimum charge per call of 5p unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive allowance you may have.
- Additional charges may apply whilst using your T-Mobile phone abroad.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.t-mobile.co.uk/whatitcosts or our 'Non standard charges' leaflet.
- T-Mobile reserves the **right to vary or withdraw** any individual or additional service with 30 days notice.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
