Prices correct as at 1st March 2009. The prices here show VAT at 17.5%. When you get your bill you'll see the new VAT rate of 15% applied, so you get a VAT saving.

The legal stuff you need to know:

- 1 Our Mobile Broadband Lite plan is only for customers moving from our Mobile Broadband Plus 24 month plan once the £5 off promotion ends. You can ask to be moved to this plan, but it's up to us to decide whether or not to let you move. Mobile Broadband Lite is £10 a month for use in the UK only. You'll still need a compatible laptop, an enabled device like a USB modem and mobile broadband coverage. You can check your coverage at t-mobile.co.uk/mobilebroadband. This plan just gives you internet browsing at speeds up to 2 MBps in the UK. *This plan comes with a fair use policy of 1GB a month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our Mobile Broadband customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use your plan, depending on how often you go over your amount and by how much.
- 2 Applies to messages sent direct from your SIM card or via the T-Mobile website; www.t-mobile.co.uk
- 3 You will be charged for messages sent to non GSM networks.
- 4 Please call customer services on 150 or see www.t-mobile.co.uk/08-09 for further information about charges for specific numbers starting with 08.

Points to note.

- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.**
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, for pay monthly customers, if the call exceeds two hours in length and crosses over into different parts of the day (for example, from, 'daytime' to 'evening') the remainder of the call will be charged at the new rate. The call is billed at the rate applicable at the start of the call.
- **A call ends when:**
 - a) you end the call on your device; or
 - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
 - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive minutes you may have.
- For details of the charges for using your Mobile Broadband SIM card whilst you are outside the UK, please refer to our 'Non Standard What it Costs' leaflet.
- Additional charges (e.g. international call charges, premium rates etc) can be found on www.t-mobile.co.uk/whatitcosts or our 'Non standard charges' leaflet.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
- This Mobile Broadband Lite plan is only available via Customer Services.
