Prices correct as at 1st February 2009. The monthly line rental shown above includes VAT at 17.5%. However, you'll be charged VAT at 15% instead (so your VAT inclusive monthly charge will be less) until 31 Dec 09 unless you are told otherwise.

## The legal stuff you need to know:

- 1 Mobile Broadband Plus is £20 per month and is for use in the UK only. You'll need to promise to stay with us for 18 months and pass our standard credit check. You'll need a compatible laptop, an enabled device like a USB modem and mobile broadband coverage. You can check your coverage at [t-mobile.co.uk/mobilebroadband](http://t-mobile.co.uk/mobilebroadband). Remember that you can't use your plan to make internet phone calls. You can use all of our T-Mobile HotSpots in the UK, but you'll need to accept our HotSpots legal stuff first. If you use your plan outside of the UK, we'll add any roaming charges to your pay monthly account, please see the webpage mentioned above for more details. \*This plan comes with a fair use policy of 3GB a month. We'll monitor how much you send and receive each calendar month so that we can protect our network for all our Mobile Broadband customers. If you use more than your fair use policy amount, we won't charge you any more, but we may restrict how you can use your plan, depending on how often you go over your amount and by how much. If you use your Mobile Broadband plan with a ShareDock, remember that you are still responsible for any use that's made of your plan. That includes keeping within the fair use policy for your plan.
- 2 Applies to messages sent direct from your SIM card or via the T-Mobile website; [www.t-mobile.co.uk](http://www.t-mobile.co.uk)
- 3 You will be charged for messages sent to non GSM networks.

# Points to note.

- When you join a T-Mobile pay monthly plan, **you should be sent your first bill within 2 weeks of becoming a customer.**
- **Per second charging** applies to all types of chargeable calls (unless otherwise stated). Charging starts when a call is answered by a person or an answering device. The call is billed at the rate applicable at the start of the call. However, for pay monthly customers, if the call exceeds two hours in length and crosses over into different parts of the day (for example, from, 'daytime' to 'evening') the remainder of the call will be charged at the new rate. The call is billed at the rate applicable at the start of the call.
- **A call ends when:**
  - a) you end the call on your device; or
  - b) 16 seconds after your calling device loses signal for any reason (note: we continue to maintain the call in case your device re-establishes a signal with our network within this period); or
  - c) you do not end the call on your device, up to 30 seconds after the last third party you were connected to has ended their call.
- On the bill, for pay monthly customers the **charge for each call** is rounded to the nearest tenth of a penny. The total of each of the sub-categories of 'call charges' and 'other usage charges' will be rounded to the nearest penny on the bill, then added together before VAT is added to this final figure. All chargeable calls will be subject to a 1 minute minimum charge unless otherwise stated.
- Diverted calls are charged at the local or national call rate or, if appropriate, the relevant mobile or special number rate. Diverted calls are not included in any inclusive minutes you may have.
- For details of the charges for using your Mobile Broadband SIM card whilst you are outside the UK, please refer to our 'Non Standard What it Costs' leaflet.
- Additional charges (e.g. international call charges, premium rates etc) can be found on [www.t-mobile.co.uk/whatitcosts](http://www.t-mobile.co.uk/whatitcosts) or our 'Non standard charges' leaflet.
- A text message consists of up to 160 characters. If you send a longer message, you will be charged for two or more text messages as appropriate.
